MEMORANDUM FOR GENERAL CABELL

SUBJECT: Secretary Rusk's Speech to NATO

1. Attached are a copy of the latest draft of Secretary Rusk's proposed remarks to NATO and a change sheet.
2. The draft had several points in it which we would like to change or delete from the point of view of security. We have coordinated our suggested changes with DIA, J-2, and the Service intelligence organizations. All concur with our changes. We have informed NSA of the action we have taken and they have agreed to go along with it.
3. For your convenience, we have incorporated our changes in the draft.
